To Everyone Who Has Supported HMGID,
Today, HMGID has reached 35 products. To me, this is more than a number - it represents every idea, challenge, lesson, and moment of support that brought us here.

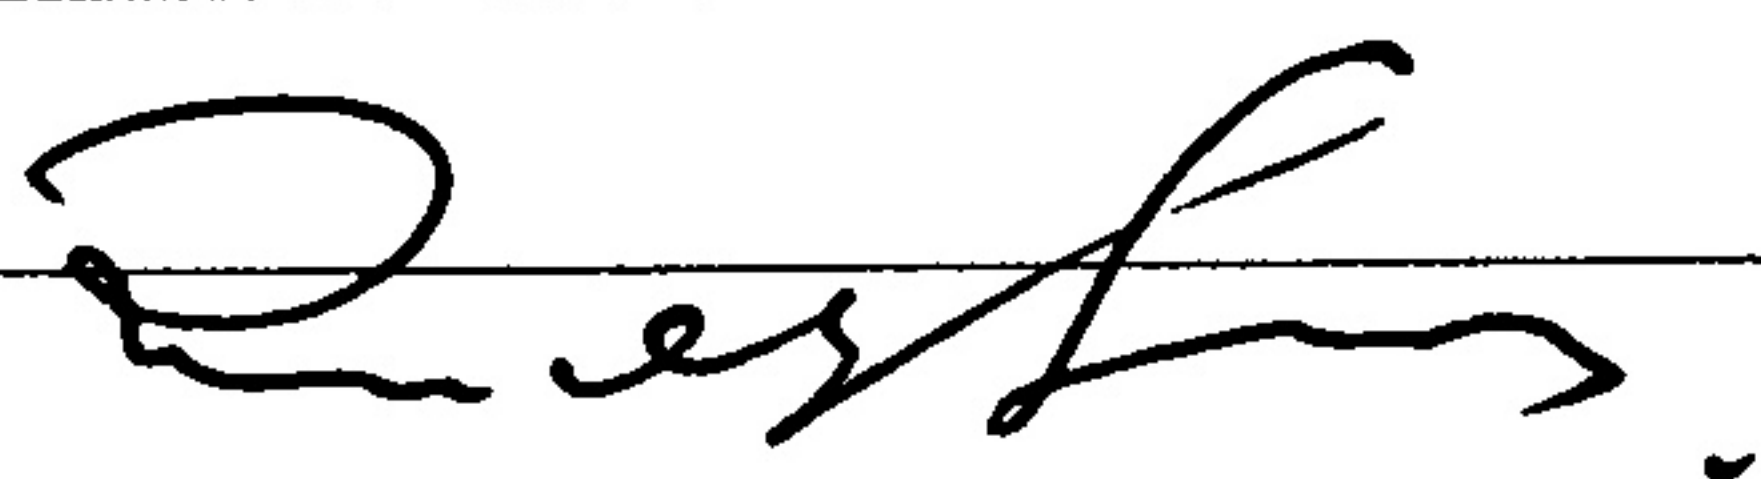

When HMGID first began, I had a simple belief: technology should encourage us to imagine something new and turn ambitious ideas into meaningful products. That belief continues to guide everything we create. But none of this would happen without the people who believed in us.

To my family, friends, partners, users, and everyone who has followed our journey: thank you. Thank you for your encouragement, your honest feedback, and your patience as we continue to learn and improve. Every message, suggestion, and sign of support has meant more to me than you may realize.

I am proud of what we have achieved, but 35 products are not the finish line. They are ~~the~~ the beginning of a much bigger journey. There are still many ideas we want to explore, many problems we hope to solve, and many things we want to create.

I will continue to believe, create, and give my best to the future of HMGID. I hope you will continue to be part of this journey with us.

With gratitude,

HMGID Inc.
